**Subject:** MLPAComments: Monterey coast preservation

To whom it may concern:

As you can see from my email address, I am an avid fisherman. However, I also enjoy scuba and free diving, particularly in Monterey. It's the premier location in Northern California for underwater adventures, in my opinion. I was very glad to hear that a movement was underway to preserve portions of this invaluable coastline. After hearing about all three proposals, I wanted to express my desire to see "package" #2 supported by the government. I believe it is the most appropriate proposal for the Monterey area, and serves all members of the community.

I sincerely hope that you will see fit to endorse this proposal as well.

Thank you for your time.
